

## **Posture Care Course**

**21st February 2012**

**10:00-12:00**

We are offering a FREE (yes—free!) training course here at SPIC all about posture care

Following the success of the 'seating and mobility' workshop on 15 September, Healthcare Matters are returning with a one-off short course about the importance of supporting good posture for service users.

Come and take advantage of this unique opportunity to learn about this vital aspect of service user health.

### **The Training Session**

A session looking firstly at the clinical benefits delivered from Early Intervention in Postural Integrity terms as understood by the nursing team; the long term potential of quality of life for your clients, all from the use of simple equipment. Secondly understanding the business side : how ethically a funding stream can be created contributing to the business profits.

#### **Who is it for?**

For Care Home Owners or Managers, Nursing Managers and Teams responsible for long term care and nursing.

#### **Times**

10am - Registration, with coffee/tea and Danish pastries provided

10.30am – 11.30am Interactive Clinical training session

11.30am – 12 noon The Business Proposal
